

FACILITIES MANAGEMENT ADVISORY

DATE: March 28, 2024

RE: North Campus Road Closure: Monday, April 1st – Friday, April 5th

Dear Campus Community,

To upgrade UC Merced's Central Utilities Plant, Facilities Management will be coordinating with Transportation and Parking Services to close portions of Ansel Adams and Mineral King Road, limiting entryways into the Le Grand Lot during the week of April 1st through April 5th.

During the closures, no vehicles will be allowed past the Ranchers and Ansel Adams Road intersections and Facilities Loop and Mineral King Road intersections.

To access the Le Grand and North Bowl Parking Lots, please use Cottonwood Loop Road through the campus entrance, Bellevue Road and Lake Road intersection.

Please refer to the [Campus Map](#) if you have any questions regarding closure locations, access, and directions.

Thank you for your continued patience and understanding.
